## Are You Pregnant? Do You Have a Child Under the Age of Three?

*Improving the Health Status of  
West Virginia Infants and Children  
By Giving Them A Healthy Start:  
Right From the Start and From  
Birth to Three.*

Locally Owned and Operated

## Pregnant and Need Help

Are you pregnant and need help? Mountain State Home Health Care has Professional Licensed Social Workers and Registered Nurses with over fifteen years experience assisting pregnant mothers. We can help you understand the changes your body goes through and the impor-

tance of good health. We can help you get ready for the arrival of your precious joy, your new baby. We have the resources to assist you with obtaining clothing, baby furniture, car

seats, diapers, formula, baby food, and so much more. Just like you, we want your new baby to have a healthy start in life and we can help at **no cost to you.**

All pregnant women who are eligible for Medicaid or OMCFH coverage are eligible for Right from the Start Services. You must be a resident of West Virginia and have verification of pregnancy. We can assist you with completion of the application process.

Pregnant teen ages nineteen and under are eligible for all Right From The Start Services regardless of family income.

Our mission is to work with DHHR, OMCFH, Obstetrical Care Providers, and Community Programs to assure that all West Virginia Children have a healthy and happy start in life.

## Birth to Three

Do you have an infant or toddler under the age of three that has either a delay in one or more areas of their development, or is at risk of possibly having delays in the future. You may qualify for West Virginia Birth to Three Services.

A delay in development can be one or more of the following:

**Cognitive:** thinking and learning

**Physical:** moving, seeing, hearing, health

**Social/emotional:** feelings, coping, getting along with others

**Adaptive:** doing things for him/herself

**Communication:** understanding and communicating with others

### **A child may have risk factors such as:**

A condition which is typically associated with a developmental delay such as Down Syndrome; or

A combination of biological and other risk factors. Some of these factors may include family stressors.

Our team of Professional Service Coordinators work with your family based on the family's concerns and priorities for their child to develop an Individualized Family Service Plan.

There is no charge to eligible children and families for any West Virginia Birth to Three services needed and identified on their Individualized Family Service Plan.

### **West Virginia's Children are Tomorrows Future.**

Let us help you give your child a healthy and happy start in life. We have the professional staff with the expertise needed to assure your child receives this healthy and happy start.
